Cultural Diversity & Disparities in Healthcare

New for 2019-20
Competitors are no longer required to show event guidelines at ILC. The event name has changed from “Transcultural Healthcare”. Time remaining announcements have been added to the test. Additional resources have been added. The Purnell text has been removed. The test plan has been updated. Editorial updates and clarifications have been made to guidelines. Scholarship information has been added to the guidelines. The designation of “Knowledge Test” has been removed from the event name.

Purpose
To encourage HOSA members to explore and learn about the importance of cultural competence for the promotion of health, the prevention and treatment of diseases and disorders, and the support of those in a diverse health community and to identify disparities in health care.

Description
The event shall be a written test requiring competitors to apply, analyze, synthesize and evaluate information related to cultural diversity and disparities in healthcare. Competitors will recognize, identify, define, interpret and apply cultural terms and concepts in a 100-item multiple-choice test plus a one tie-breaker essay question. Written test will measure knowledge and understanding at the recall, application or analysis levels. Higher-order thinking skills will be incorporated as appropriate.

Dress Code
Competitors must be in official HOSA uniform or proper business attire. Bonus points will be awarded for proper dress.

Rules and Procedures
1. Competitors in this event must be active members of HOSA-Future Health Professionals and in good standing in the division in which they are registered to compete (Secondary or Postsecondary/Collegiate).

2. Competitors must be familiar with and adhere to the “General Rules and Regulations of the National HOSA Competitive Events Program (GRR).”

3. One essay question will be administered with the original test. In case of a tie, the essay question will be judged and used to break the tie.

4. The test plan and resources for Cultural Diversity and Disparities in Healthcare are:

   - Cultural Foundations 15%
   - Health disparities & diversity 20%
   - Health Traditions & Cultural Competence 15%
   - Religion, rituals, health and illness
     - Native American heritage 10%
     - Asian heritage 10%
     - African American heritage 10%
     - Hispanic heritage 10%
     - European heritage 10%
