ILC KEYNOTE SPEAKER

Barbara Pierce Bush

HOSA-Future Health Professionals welcomes Barbara Pierce Bush as the keynote speaker for the 2020 International Leadership Conference. The Opening Session will take place on Wednesday, June 24 at 7:00 pm. HOSA is honored to have Ms. Bush share her work in the Global Health Corps as well as other entrepreneurial experiences that bring her to the inspiring leader she is today.

Barbara Bush is Co-founder and Board Chair of Global Health Corps. Before joining Global Health Corps’ founding team in 2008, Barbara worked in Educational Programming at the Smithsonian Institution’s Cooper-Hewitt National Design Museum. Previously, she worked for Red Cross Children’s Hospital in Capetown, South Africa and interned for UNICEF in Botswana. She has traveled with the UN World Food Programme, focusing on the importance of nutrition in ARV treatment. Barbara is a member of UNICEF’s Next Generation Steering Committee and is one of the World Economic Forum’s Young Global Shapers. She is on the Board of Directors of Covenant House International, PSI, and Friends of the Global Fight for AIDS, TB, and Malaria. Barbara graduated from Yale University with a bachelor’s degree in Humanities in 2004 and is currently pursuing a master’s degree from Harvard University as a Fellow at the Center for Public Leadership.
