

## Competitive Event Webinar Q&A Virtual International Leadership Conference

Thursday, April 22

Question	Answer
<p>My chapter is only a few months old, so we won't be competing, but I think my HOSA members would be interested in watching the competitions so we can get an idea of what it is like for next year. Can we do that? If yes, what is the process?</p>	<p>Congrats on your new chapter! HOSA only allows the judges and competitors into the Competitive Events, however, we would encourage you and your HOSA members to attend the Virtual Display Times for certain events. The Display Times allow competitors to show their work to the public. The Event Modification PDF and links are a great way to check to see which events have Display Times.</p> <p><a href="https://hosa.org/wp-content/uploads/2021/04/CE-Plan-Summarized-March29.pdf">https://hosa.org/wp-content/uploads/2021/04/CE-Plan-Summarized-March29.pdf</a></p>
<p>Thank you for the quick reply. I recall that the schedule of Display Times is online...do my HOSA members need to register/pay just to view the Displays? Thanks.</p>	<p>That is correct. Your HOSA members need to register to observe the Display Times as they will be accessed in Communique – HOSA's Virtual Conference Platform. Only registered conference delegates will have access to Communique.</p> <p>We also encourage new chapters to get involved in Other Opportunities at HOSA's VILC – MindTap Simulations; Anatomage Tournament; Virtual Patient Challenge as well as the approximately 80 workshops that will help your HOSA members with competitions for next year. If the HOSA members will take advantage of all the opportunities provided, it is worth the registration fee for the workshops, expo, other opportunities, dances and general sessions!</p>
<p>ATC is only available for PS/Collegiate and SS, not MS, correct?</p>	<p>The ATC events are open to Secondary, Postsecondary/Collegiate, and Alumni members but not Middle School.</p>
<p>Just to clarify, there is no Round 1 for the Public Health team event, correct?</p>	<p>This is correct. There is no Round 1 for Public Health.</p>
<p>Will we have a link of this presentation for HOSA members that were not able to make this webinar?</p>	<p>Absolutely! We will post the video link and summary at <a href="https://hosa.org/ilc/">https://hosa.org/ilc/</a> as a part of "The Vault".</p>
<p>Can we get a copy of this presentation to share with the local advisors?</p>	<p>Yes! We will post the video and summary information online!</p>
<p>How is it going to work for CERT skills event? So, where would we get our content to study and prepare?</p>	<p>If you study the CERT event guidelines for the skills, you will be successful on the questions asked in the 360-degree simulated environment.</p>

What is your best recommendation for team events? Should each member get on with a separate computer or could they share one computer?	This is an individual team decision. Either option is acceptable.
You mentioned computers are required for round 2 skill events to interact with the 360 degree skill environment (because competitors will be given mouse control of the screen). If a HOSA member does not have a computer, is there an email that he/she should reach out to?	<b>A computer is required for Round 2 Skill Events.</b> If a competitor does not have availability to a computer and needs assistance accessing one, the competitor needs to contact his/her Local or State Advisor for assistance. *Please note, in other events using Zoom, accessing Zoom via a phone or tablet is acceptable.
Just to verify-anyone interested can participate in the research poster meet and greet, not just competitors?	Yes, that is correct.
What is a watch party?	A watch party would be a gathering of your HOSA members who would like to watch the Awards Sessions together. There will be a live Zoom link where you can join the Awards Sessions live! (Of course, we will want them to be following socially distancing protocol!)
Do you have a link to the rubrics for the events?	Link to Guidelines: <a href="https://hosa.org/guidelines/">https://hosa.org/guidelines/</a>  Link to CE Modifications: <a href="https://hosa.org/virtual-competitive-event-modifications-2021/">https://hosa.org/virtual-competitive-event-modifications-2021/</a>
If we are presenting on zoom to judges, will we be allowed to share our screens?	Thanks to feedback from the webinar, we are making some modifications to what events will be allowed to share their screen. Please view the CE Modifications link after April 23rd to see these changes.
For CERT Skills, are we going to have a simulation for Round 2?	Yes.
What's research poster PSC or SS	The Research Poster Meet and Greet will be open to any competitor (SS or PSC division) as well as anyone interested in learning about the event or providing feedback on the event.
Is this presentation recorded for later viewing?	Yes. We will be posting the Webinar online afterwards.
Will the judges be able to see the competitors while they are answering during the skill events?	Yes - judges will be on live with competitors in Zoom.
Where can I find the link for the simulation demo?	You can find a link to the simulation demo here:  <a href="https://hosa.org/from-the-vault-skill-simulations-for-competitive-events/">https://hosa.org/from-the-vault-skill-simulations-for-competitive-events/</a>
If we are not allowed to share our screen on zoom, how can we present with visuals?	Thanks to feedback from the webinar, we are making some modifications to what events will be allowed to share their screen. Please view the CE Modifications link after April 23rd to see these changes.
How can we register for VILC? Do we get a link?	You can register in HOSA's Conference Management System through your local advisor.
