SUMMARY STATEMENT

My time in HOSA has allowed me to not only grow as an individual, but grow alongside a cohort of inspiring mentors and leaders. Through countless experiences and opportunities, HOSA has pushed me to venture outside my comfort zone and become a better leader and future healthcare professional. As a leader of HOSA-Future Health Professionals, I hope to inspire others like those before have inspired me, encouraging members to take advantage of the opportunities presented to them. HOSA has helped me grow into the person I've become and am still becoming. Therefore, I hope to keep giving back to this organization, helping other HOSA members grow into better leaders and find their community like I did.
