LETTER FROM THE PRESIDENT

HOSA,

On behalf of your International Executive Council, we would like you to join the over 10,000 expected delegates, advisors, and special guests to be with us in Nashville, Tennessee for HOSA’s 45th annual International Leadership Conference!

The 2022 ILC is an opportunity to network, compete, and learn from future health professionals, industry leaders, and HOSA partners on your journey to healthcare. This capstone conference is an opportunity you do not want to miss!

The ILC has historically been a stage to recognize the efforts of highly distinguished HOSA members worldwide in a multitude of levels ranging from technical skill competencies to the achievements of chapters throughout the year.

These last few years are a testament to the resiliency of HOSA. Your State Councils, local leaders, and advisors who have worked diligently to make this year successful to prepare the next generation of health professionals for the health challenges in the 21st century and beyond.

Your International Executive Council is ecstatic to celebrate future health professionals worldwide as our HOSA family convenes this June 22-25 to celebrate you!

You have maximized your opportunities for success and growth – something your Executive Council has had the privilege of seeing firsthand throughout this year. We believe this next year of leaders will change the game with innovations in the health industry. Remember HOSA, those of us who are crazy enough to think we can change the world, are the only ones that stand a chance of doing it!

HOSA, your IEC is excited to Shatter your Expectations in Nashville, Tennessee this year. Are you ready to shatter yours?

Most sincerely,

Sricharan Pusala
HOSA International President
DO YOU HAVE WHAT IT TAKES?

It’s unlike any other health career you’ll ever find. Put on the uniform of a U.S. Public Health Service (USPHS) Commissioned Corps officer, and you’ll join an elite team of professionals who protect, promote, and improve the health and safety of our nation.

From within our ranks as a physician, nurse, dentist, pharmacist, therapist, mental health provider, and other health care professionals, you’ll support state-of-the-art health care to underserved populations, guard Americans from emerging diseases and other biological threats, respond to public health emergencies in the U.S. and abroad, and much more.

As you consider your future health career, ask yourself if you have what it takes to be an officer in the USPHS Commissioned Corps. Find out more about USPHS, mentoring, and other career opportunities at www.usphs.gov.

MAKE THE U.S. PUBLIC HEALTH SERVICE COMMISSIONED CORPS THE HIGHLIGHT OF YOUR CAREER.

Competitive Events

Hints & Reminders

CE Schedule
All competitive events will take place Wednesday, June 22, 3:30 pm – Friday, June 24, 2022. The tentative schedule, once available, for each competitive event can be found online at: https://hosa.org/ilccompete.

Competitive Events Headquarters
All information about Competitive Events will be available at Competitive Events Headquarters on-site in Nashville and available prior to ILC at https://hosa.org/ilccompete/. Please be sure to check this webpage regularly for updates.

CE Important Dates:
- Competitive Event Tailo uploads due – May 15, 2022
- Check event guidelines for requirements
- HOSA Activity Tracking System entries due – May 15, 2022
- All hours/dollars must be approved by local advisors for HOSA Service Project and Barbara James Service Award
- Competitor Appointment Times for selected events posted online – June 7, 2022

Competitor Appointment Times
Based on the Competitive Event Schedule posted winter 2022 https://hosa.org/ilccompete, competitors will know the 3-4 hour time block in which their competitive event will take place. In events with NO round one test, competitors will also need to know their specific appointment time.

These events include:
- Health Professions: Clinical Specialty, Family Medicine Physician, Personal Care.
- Leadership: Interviewing Skills, Job Seeking Skills, Prepared Speaking, Researched Persuasive Writing & Speaking, Research Poster, Speaking Skills.
- Teamwork: Community Awareness, Health Education, Public Service Announcement.

Competitors should arrive no more than 15 minutes earlier than their given appointment time. Providing appointment times allows competitors to arrive for competition close to when they will see judges and prevents them from waiting for hours outside of the competition doors. For example, an event may be scheduled to take place between 1:00 – 5:00 pm on Thursday, but specific competitor appointment times may be given at 1:00, 1:15, 1:30, etc. All appointment times for the above listed events will be posted online on June 7, 2022. Sharing appointment times early will allow competitors to ensure they are registered in the correct events, and to plan their ILC time accordingly.

Round Two Appointment Times – For all events with a round two, the list of round two finalists will be posted online and in the HOSA app according to the CE Schedule. The list of finalists’ names will also include their specific appointment time with judges, as well as a “Round Two Info Sheet” that describes how the round two will take place and any pertinent announcements for round two. The round two info sheets will be especially important to review for any skill events taking place at off-site hospital and college/university locations.

Off-site skill locations - Most of the emergency and health profession round two skill events will take place at these locations off-site from Gaylord Opryland. Transportation is provided for competitors who advance to Round Two in these events. Check the CE Schedule for applicable events and bus departure locations. All competitors will be required to wear a mask at off-site skill locations, as well as be screened for temperature prior to getting on the bus.

Testing
For all competitive events with a round one test, or events that are test-only, there will be a designated room and time, as listed in the CE Schedule, to take these tests. Competitors will arrive at the “Testing Room” at the time listed for their test. A time stamp will be placed at the top of each competitor’s test to indicate their “start time”. Competitors will be responsible for watching the large clocks that will be positioned in the room and completing their test within the allowed time frame. When they are done testing, competitors will turn in their test booklet and testing scantron in at the back of the room. Testing Room Proctors will be checking the “time stamps” to ensure the competitor has completed the test within the allowable time frame. In all events, a 5-minute buffer will be given to competitors. For example, if a test allows 60 minutes, then competitors will have 65 minutes from the “start time” that was stamped on their test. With this new Testing Room setup, competitors can expect the entire room to have competitors flowing in and out, all day. While it may be different than in the past, all competitors will have the same atmosphere for testing.
### Competitor Orientations

There are no longer in-person competitor orientations on-site at ILC. Everything that will be shared in these orientations can be found in either the event guidelines or the ILC program/schedule. We will be creating a basic competitor orientation video, and once available, that will be shared at: [https://hosa.org/ilccompete/](https://hosa.org/ilccompete/). Competitors should look for this orientation video, visit this webpage often and, most importantly, read the guidelines!

### Room Setup

As we continue to grow and see more competitors at ILC, competition space can be challenging. This year, there will be some events that will be sharing large ballrooms. We have set the ballrooms into “pods” to simulate the feel of an individual room. There will be pipe and drape between “pods”. While this may be a new setup, it will be the same for all competitors in these events. All competitors will be given the same fair experience.

### Tallo and Wufoo

Numerous ILC events have a required upload to Tallo (for Secondary/Postsecondary/Collegiate) or to Wufoo (Middle School), Please check the event guidelines for the specific requirements for each event. Even if competitors uploaded to Tallo for the state conference, they MUST upload content again to the ILC Opportunity in Tallo for judging at ILC. Since Middle School students are too young to use Tallo, their required materials will be uploaded via a Wufoo form that is linked in the event guidelines. The deadline is May 15 for Tallo and Wufoo uploads. For a full list of events that have an ILC required Tallo upload, and for Tallo instructions, visit: [https://hosa.org/competitive-events-and-tallo/](https://hosa.org/competitive-events-and-tallo/).

### HOSA Activity Tracking System Reminders

The HOSA Activity Tracking System (HATS) is used for HOSA Service Project and Barbara James Service Award.

The deadline is May 15. HOSA members may continue to accrue service hours and donations until May 15. After May 15, HOSA will pull reports of all APPROVED hours/donations for ILC recognition. Local Advisors must login to the system and approve all needed hours/dollars by the May 15 deadline.

**ILC Registration Note:** HOSA Service Project and Barbara James Service Award will still be listed as competitive event options in the ILC Registration System. However, **ONLY** those members and chapters with APPROVED hours/donations from the HOSA Activity Tracking System will be recognized at the ILC Recognition Session.

### National Geographic Learning Academic Testing Center for Future Health Professionals (NGL ATC)

HOSA members and alumni are eligible to compete in the National Geographic Learning Academic Testing Center. Delegates must be registered for HOSAs ILC to be eligible to take an ATC test. One test is included for every HOSA delegate in secondary/postsecondary/collegiate, and alumni divisions with the $30 registration fee. Additional tests are available for $20 per test. There is no maximum to the number of NGL ATC tests that can be taken at ILC, as long as the competitor can logistically sit to test in all events for which they are registered. The NGL ATC will be open at ILC on Wednesday from 10:00 am – 5:00 pm, Thursday from 8:00 am – 8:00 pm, and Friday from 8:00 am – 3:00 pm. Competitors can test any time at their availability during these times. NO WALK-UP registrations will be taken. All NGL ATC registrations should be completed with the regular conference registration deadline of May 15, 2022. Registrations after May 15 should be emailed to hosa@hosa.org.

### Arrive on Time

Representing a chartered association as one of three competitors in an event at the ILC is an extraordinary honor. This privilege is an exciting experience with opportunities to share knowledge and hard work in order to be recognized for accomplishments. **Therefore, it is the competitor’s responsibility to arrive to compete as scheduled** in the ILC agenda that is in the ILC Program Book/Program App.

Special accommodations will **NOT** be made for competitors who fail to arrive to their event on time; therefore, you should remember:
- Nashville airport is approximately 30 minutes from the hotel (if there are no traffic problems).
- ILC housing is spread among multiple hotels. (When you receive your hotel assignment, check out the bus travel time from your hotel to the Gaylord Opryland Hotel and Convention Center.)

Reminder: make-up tests or other accommodations will **NOT** be given for late arrivals*; missed bus; missed route; missed time; missed location; read the agenda wrong; etc.

**Exceptions for Acts of God** will be considered on a case by case basis with the competitor, State Advisor, and CE Management Team.

### Recognition Events

For applicable recognition events, all HOSA members who earn the recognition will have their name posted on the HOSA website and will receive a recognition certificate and pin. If you are not attending the ILC, certificates and pins will be given to the State Advisor at registration for distribution. Those members attending the International Leadership Conference and earning recognition will walk across the stage during the Recognition Session to receive the pin.

### Extemporaneous Writing Format Change

The process for completing the essays at ILC will vary slightly from what is posted in the event guidelines. At ILC, competitors will still bring their own laptop. Instead of typing the essay in a Word document, competitors will type the essay directly into a form online. The link to the online form will be given to competitors upon arrival to the event. This means the points on the judge rubric for the formatting of the typed pages will be removed. Laptops must be able to connect to Wi-Fi and both the Wi-Fi password and the online form link will be provided to competitors at the event site.

**Official HOSA UNIFORM AND DRESS CODE**

HOSA’s dress code policy has different areas of emphasis: general session dress; competitive events dress; and official function dress (workshops, HOSA expo and social activities). Refer to our poster for a visual dress code at hosa.org/dresscode.

- Suit

The Event Manager must notify the Event Lieutenant or Category Chair. When dress points are not awarded, this must be indicated on the HOSA Event Section Summary form, and signed by a member of the CE Program staff.
- Judges are NOT responsible for the awarding of dress bonus points; this is handled by competitive event personnel.

**Competitive Events Dress Tips:**
No policy can possibly cover all contingencies so HOSA members must use a certain amount of judgment in their choice of clothing to wear for HOSA competition. HOSA members who experience uncertainty about acceptable HOSA attire should ask his/her HOSA local or state advisor.
