SUMMARY STATEMENT

Throughout my 6 years in HOSA, I have learned what the true meaning of service and leadership is. This organization has shown me sides of the healthcare field that I have never seen before. HOSA has allowed me to gain collaborative and critical thinking skills that I will utilize in the world of medicine. Therefore, as soon as I saw an opportunity to give back to the organization that has made me fall in love with the medical field, I knew I had to take advantage of it. The members of HOSA have inspired my passion for healthcare, so I want to be part of the International Executive Council so I can do the same for others.
