Why I Want to Be A HOSA Officer

HOSA has been pivotal in shaping my confidence and truly allowed me to see what I was capable of achieving. Serving on the state level of HOSA, I was able to see this same change in other members. I fell in love with the ability to advocate for members. I would love to see the amazing opportunities of HOSA extended further. My goal would be to expand HOSA's reach further internationally and work towards eliminating any language barriers to make HOSA more accessible.
