Bob Jones High School Senior
4th year HOSA Member

Stepping up from my experience as a HOSA member and leader locally and statewide, I feel prepared and eager to serve HOSA on the next level. All of the lessons I have encountered through HOSA have taught me the full extent of dedication and work that goes into HOSA and its members. For most people, this realization may be overwhelming. But for me, it has only driven me to the path of running for Executive Council. If elected, I will devote the utmost of my efforts to continue what I have already done on the state level internationally: to ameliorate membership and interaction, to keep on going uphill despite the restrictions of COVID, and to shatter your expectations.
