YOUSTINA SABER

• Freshman, Belmont University - Tennessee • HOSA Member - 4 Years •

MY WHY

A HOSA officer is someone who serves with love, passion, and a servant's heart. When I entered high school, I expected the typical stereotypes of everyone having their own groups so I feared not fitting in or making new friends. Until I joined HOSA and found my place - my own team. Throughout my four years in HOSA, I have gained a second family! HOSA has the ability to impact and make a difference in so many members' lives by just providing a safe environment for members to learn, lead, serve, and innovate. I would be honored to serve you, as we unite together and *Shatter Your Expectations*!
