Event Summary
The Family Medicine Physician competitive event provides HOSA members with the opportunity to gain knowledge about this career path through interviews, research, and a peer presentation. Competitors will conduct interviews to learn more about family medicine, and then will share their finding with their peers through a presentation. Competitors will present their peer presentation to a panel of judges, showcasing what they have learned. This event aims to inspire members to learn about the dynamic field of Family Medicine and ultimately help AAFP in their goal to ensure that no less than 25% of medical school seniors select family medicine as their specialty by the year 2030.

Sponsorship
This competitive event is sponsored by the American Academy of Family Physicians (AAFP)

Dress Code
Competitors shall wear official HOSA uniform or proper business attire. Bonus points will be awarded for proper dress.

Competitors Must Provide:
- Photo ID
- Index cards or electronic notecards (optional)
- Any battery operated presentation aids/tools needed to support the presentation

General Rules
1. Competitors in this event must be active members of HOSA and in good standing.

2. Eligible Divisions: Secondary and Postsecondary/Collegiate divisions are eligible to compete in this event.

3. Competitors must be familiar with and adhere to the “General Rules and Regulations of the HOSA Competitive Events Program (GRR)”
• Per the GRRs #11 and Appendix H, HOSA members may request accommodation in any competitive event. To learn the definition of an accommodation, please read Appendix H. To request accommodation for the International Leadership Conference, submit the request form here by May 15 at midnight EST.

• To request accommodation for any regional/state level conferences, please work with your local and state advisor directly. Accommodations must first be done at state in order to be considered for ILC.

4. All competitors shall report to the site of the event at the time designated for each round of competition. At ILC, competitor’s photo ID must be presented prior to ALL competition rounds.

Learning Objectives
5. Through interviews and research (explained more below in #7-8), competitors will be able to identify:
   a. Demand and Occupational Outlook
      • Items to consider:
        o Outline the need for Family Medicine Physicians and why now is the time to consider this career path.
   b. Span of Medical Education and Career Options
      • Items to consider:
        o Outline the training requirements and options from Medical School to Family Medicine Residency, Dual Degrees, Fellowships, and Certificates of Added Qualification.
        o Explain the various practice settings, practice emphasis, and subspecialties available in Family Medicine.
   c. Work, Lifestyle, and Financial Implications
      • Items to consider:
        o Explain the benefits and challenges of being a Family Medicine Physician, with whom family physicians work, the role of family physicians on the health care team, the family physician lifestyle, and work-life balance highlights.
        o Understand the cost of medical education, average salaries and signing bonuses, and scholarship and loan forgiveness opportunities in family medicine.
   d. Importance of Primary Care and Preventive Medicine to Achieve Health Equity
      • Items to consider:
        o Summarize the role Family Medicine Physicians play in primary care and preventive health and the impact family medicine has on patients, families, and communities.
        o Describe the role of family physicians as advocates for their patients and communities, including how family physicians are leaders in addressing health disparities and health equity.
   e. The WHY – The Story of the Family Medicine Interviewee
      • Items to consider:
        o Tell the story of WHY the Family Medicine Physician chose this career path. What is their passion? Why do they do what they do? What is the physician’s journey and why did they get started?
        o Ask questions to elicit emotion and undercover the reasons behind why the interviewed physician is excited and passionate about their career choice.
   f. Is Family Medicine Right for Me?
      • Items to consider:
Explain why this career could be a good fit for the competitor - what did they learn that intrigues them and that has piqued their interest? It is also acceptable to explain why this career might not be a fit after the competitor has taken part in this event.

Official References
6. The recommended reading/viewing for this event can be accessed at [this summary landing page]:
   a. Additionally, competitors may find it helpful to view [Start With Why](especially to address Learning Objective “e”.)

Research and Interview
7. Competitors will research the Learning Objectives outlined in item #5 by using the official references for this event (item #6). If needed, competitors may also use resources of their own choosing for research.
8. Competitors will also investigate the Learning Objectives outlined in item #5 by conducting at least two (2) interviews with two (2) separate people to further understand the Learning Objectives.

The Interviews
9. The interviews must be conducted with two (2) people from the following categories:
   a. Medical Student interested in Family Medicine
   b. Family Medicine Physician
      i. One interview MUST be with a Family Medicine Physician (retired Family Medicine Physician acceptable)
      ii. The second interview can be with a Medical Student interested in Family Medicine OR with another Family Medicine Physician.
      iii. Both interviews may NOT be with Medical Students.
      iv. The competitor may choose to conduct more than two (2) interviews to help address the Learning Objectives, but only two are required.
10. During the interviews, competitors should ask questions that will help them understand the topics listed in the Learning Objectives item #5.
11. During the interview with the Family Medicine Physician in particular, it will be important to focus on Learning Objective “e” in order to tell the story of the interviewee. It will be vital to understand WHY the interviewed physician chose this career path – try to craft questions that will elicit a powerful and emotional response from the interviewee. Telling an effective “story” of the physician will help the audience (the peers and the judges) understand and relate to the content in a more meaningful way. Refer to the “Start With Why” video listed in the resources (item #6) for more context.
12. Competitors and interviewees can determine the length of interview and format of the interview (in-person, via Zoom, via telephone, etc.).
13. If competitors do not know, or do not have connections to help set up the interviews, competitors should complete an [online form/email explained HERE](to be connected to a Physician and Medical Student identified by the American Academy of Family Physicians (AAFP). Competitors should contact AAFP as soon as possible in the competition-prep process to ensure there is ample time to be connected to the professionals. Competitors may also use their connections through the health science classroom (local HOSA chapter advisors) or friends/family/community partners to find
the Family Medicine Physician and Medical Student to interview. In this case, it is requested that competitors still complete the online form to allow the AAFP to provide the interviewees with some information and support for the interviews.

**Peer-to-Peer Presentation**

14. Competitors will create an educational and creative presentation – “Who is a Family Medicine Physician?”— that can be shared with their peers to educate others about this career path and to tell the story of the interviewed physician and/or medical student. The exact presentation title can be of the competitor’s choosing.

15. The presentation will be a maximum of ten (10) minutes long.

16. The presentation for peers must effectively inform the audience about the learning objective topics outlined in item #5.

17. Competitors may present to any live audience of their peers - their HOSA chapter, health science classroom, at a school assembly/meeting, etc. The presentation may be done virtually (i.e., over Zoom), but must be delivered live.

18. Competitors may use any presentation aids/tools/technology they wish – Prezi, PowerPoint, Bulb, video clips, videos, photos, posters, handouts, etc. – but the competitors must speak during the presentation and only use the aids to enhance the message they are trying to convey. In other words, competitors should not simply record something ahead of time and push “play” – the presentation should be given live for the audience!

19. Competitors should be creative in how the content is presented to capture the attention of the audience and share the powerful story about the interviewed Family Medicine Physician and the learning objectives outlined. *If a competitor chooses to interview two Family Medicine Physicians, the stories of one or both can be incorporated into the presentation at the discretion of the competitor.*

20. The content can be organized and presented in any manner the competitor wishes – potentially weaving in facts and data to the story, the why, and the emotional pieces of the learning objectives. The most compelling and unique ways of sharing the content will be most successful.

**The Competitive Process - Presentation to Judges**

21. The presentation given to the judges should be the same presentation that was given to the competitor’s peers. Therefore, the presentation should cover the Learning Objectives from item #5.

22. Competitors will have ten (10) total minutes to present to the judges.
   a. To begin the presentation for judges, the competitor should state:
      i. who they interviewed
      ii. when the interviews took place
      iii. when and where the peer presentation was given
      *i.e.: I interviewed Dr. Theljewa Wilson at HOSA Family Health on March 1. I interviewed Emily Alvarez, Medical Student at University of Washington on March 2. I presented this content to my HOSA Chapter on April 3.*

   b. This gives verification for judges of the interviews and peer-to-peer presentation.
   *Note* Competitors only need to state items #22a in the presentation to judges. This information does not need to be included in the peer-to-peer presentation.
c. The remaining time will be reserved for the actual presentation that was given to the competitor’s peers – not to exceed ten (10) total minutes for everything.

23. Competitors will report to the event site at their appointed time with any pre-made presentation aids/tools/technology to support their presentation. HOSA only provides one table. Any other equipment and presentation needs must be provided by the competitor.

24. Upon entering the competition room, competitors will have two (2) minutes to setup any presentation equipment/materials.

25. Competitors will NOT have access to electricity. Battery powered equipment (such as a laptop) is permitted. Internet connection is NOT provided but can be used if provided by the competitor via a Wi-Fi hotspot or other source.

26. Use of index card notes during the presentation are permitted. Electronic notecards (on a tablet, smart phone, laptop, etc.) are permitted, but may not be shown to the judges.

27. The timekeeper will announce when the two (2) minute setup time is complete; and when there is one (1) minute remaining in the presentation. The timekeeper will stop the presentation after ten (10) minutes and the competitor will be excused. The judges will have three (3) minutes to complete the rating sheet.

Final Scoring
28. In the event of a tie, a tiebreaker will be determined by the areas on the rating sheet section(s) with the highest point value in descending order.

<tr>
<td>5. Telling a powerful story of WHY the Family Medicine Physician chose this career path</td>
<td>The presentation did an extraordinary job at telling the story of WHY the Family Medicine Physician chose this career path. Passion is evident through the story telling. The story evokes emotion, is highly impactful, and encourages a “call to action”.</td>
<td>The presentation did a good job at telling the story of WHY the Family Medicine Physician chose this career path. There is some passion and emotion, but the message could have inspired the audience more.</td>
<td>The presentation told the story of WHY the Family Medicine Physician chose this career path, but it did not stand out or elicit much emotion. The presentation did not impact the audience to action.</td>
<td>The presentation needed more attention to detail and could have done a better job connecting to the audience. The WHY message was not clear and did not share the story of the Family Medicine Physician.</td>
<td>Presentation is unclear and does not provide information about the story or WHY of the interviewed Family Medicine Physician.</td>
<td></td>
</tr>
<tr>
<td>6. Sharing “Is Family Medicine Right for Me?”</td>
<td>The competitor did an extraordinary job of sharing why the Family Medicine Career path would be a good fit (or not a good fit) for them. They explained with passion and in detail what intrigues them and what has piqued their interest. Or conversely, what they learned about why this career path wouldn’t be a good fit for them.</td>
<td>The competitor did a good job of sharing why a career in Family Medicine would or would not be a good fit for them, but the descriptions don’t stand out.</td>
<td>The competitor included a brief description of why a career in Family Medicine would or would not be a fit, but details and enthusiasm are lacking in the presentation.</td>
<td>The competitor included an incomplete description of why a career in Family Medicine would or would not be a fit. The message was confusing and lacked clear direction.</td>
<td>Presentation is unclear and does not provide information about how the competitor feels about a career as a Family Medicine Physician.</td>
<td></td>
