Event Summary
Healthy Lifestyle provides HOSA members with the opportunity to gain knowledge and skills required to understand healthy living and the impact on health throughout the life span. This competitive event consists of 2 rounds. Round One is a written, multiple choice test and the top scoring competitors will advance to Round Two for a presentation. In addition, each competitor will focus on one personal healthy lifestyle goal and document his or her efforts in a personalized portfolio. This event aims to inspire members to learn more about health literacy topics and to develop healthy habits for a lifetime.

Dress Code
Competitors shall wear proper business attire or official HOSA uniform, during both rounds. Bonus points will be awarded for proper dress.

Competitors Must Provide:
- Photo ID
- #2 lead pencil (not mechanical) with eraser
- Portfolio
- Index cards or electronic notecards (optional)

General Rules
1. Competitors in this event must be active members of HOSA and in good standing.
2. Eligible Divisions: Middle School, Secondary and Postsecondary / Collegiate divisions are eligible to compete in this event.
3. Competitors must be familiar with and adhere to the “General Rules and Regulations of the HOSA Competitive Events Program (GRR).”
   - Per the GRRs #11 and Appendix H, HOSA members may request accommodation in any competitive event. To learn the definition of an accommodation, please read Appendix H. To request accommodation for the International Leadership Conference, submit the request form here by May 15 at midnight EST.
• To request accommodation for any regional/state level conferences, please work with your local and state advisor directly. Accommodations must first be done at state in order to be considered for ILC.

4. All competitors shall report to the site of the event at the time designated for each round of competition. At ILC, competitor’s photo ID must be presented prior to ALL competition rounds.

**Personal Healthy Lifestyle SMART Goal**

16. The goal for this event should be related to the individual's personal health within any dimension of wellness. This is a personal choice and should be something that moves the competitor toward a healthier lifestyle.

17. In setting a goal, the competitor must first analyze his/her current health status, and **should consult with a licensed health practitioner as part of the goal-setting process and prior to beginning this event.**

18. The goal should follow the SMART formula (see resources in item #10 for assistance - Specific, Measurable, Attainable, Realistic, Timely)

19. The goal should focus the competitor's efforts to practice a healthier lifestyle through building or maintaining healthy behaviors, and/or avoiding risky behaviors. (The competitor can select any area of healthy living.)

20. If the competitor advances from one level of competition to the next (for example, Chartered Association to International Level) the goal will not change, but the competitor should continue to work on his/her goal and update the Healthy Lifestyle portfolio as desired.

21. Examples of goals can be found on page 5 of these guidelines.

22. The time period for the Healthy Lifestyle Goal will be from July 1, 2022 – May 15, 2023.

**Healthy Lifestyle Portfolio**

23. A Healthy Lifestyle Portfolio will be developed to document the competitor's specific goal and efforts to practice a healthier lifestyle through healthier practices (exercise, nutrition, etc…) and/or avoiding risky behaviors.

24. The portfolio is used by the competitor during the presentation as a visual aid and evidence of their achievements.

25. The rules or restrictions for the portfolio, include:
   - **A. Title page** must include the event name, competitor's name & age, HOSA chapter and division, school name, Chartered Association, and specific healthy lifestyle goal.
   - **B. A baseline health assessment** must be included that is relevant to the chosen SMART goal.
Competitors may research and include an existing health assessment, get one from a licensed health provider, or create their own. This assessment must measure both general health factors and specific important factors relevant to the chosen SMART goal. The baseline health assessment will be completed both before the healthy lifestyle goal starts, and again prior to competition.

C. Parental permission form must be signed (if applicable).

D. Evidence of Journey: Any documentation to help support the competitor’s justification and evidence of a healthy lifestyle change and progress towards their identified SMART goal.

E. Reference Page(s): List the literature cited to give guidance to the portfolio. American Psychological Association (APA) is the preferred resource in Health Science. Points will be awarded for compiling a clean, legible reference page, but the formatting of the reference page is not judged.

26. The only specific rules for the portfolio are listed in rule #25. The number of pages, use of photos, data, etc. is totally up to the competitor and is only included in the portfolio to support the competitor’s presentation for judges.

Round Two: Presentation for Judges
27. Round Two will consist of a four (4) minute presentation with judges followed by two (2) minutes to respond to judge questions.

28. Use of index card notes during the presentation are permitted. Electronic notecards (on a tablet, smartphone, laptop, etc…) are permitted, but may not be shown to judges.

29. The competitor will be introduced to the judge(s) and seated at a conference table with the judges.

30. The Presentation will contain the following key items:
   
   A. Explanation of the Personal Healthy Lifestyle SMART Goal.
   
   B. Evidence of the Journey: The competitor will explain their personal healthy lifestyle goal and use the portfolio as evidence to help show/demonstrate/discuss their progress towards achieving the goal.
   
   C. The more substantive the explanations, supported by documentation in the portfolio, the easier it will be for the judges to evaluate progress towards the goal. Documentation may include data from reputable sources, photos, letters from professionals, etc. Documentation of medical care and progress (lab work, results of medical tests, etc.) may be included in the portfolio and shared during the presentation at the discretion of the competitor and their parents and/or legal guardian, if the competitor is under the age of 18. Competitors may block out personal information such as SSN, insurance number, address, etc. at their discretion.

31. A timecard will be shown with one-minute remaining during the presentation and again with one-minute remaining during the judge questions. The timekeeper will call time at the end of each phase.

32. JUDGE QUESTIONS: Time will be called at four (4) minutes and then judges will have up to two (2) minutes to ask questions of the competitor. The following sample questions, or similar questions, may be asked:
   
   A. What was the greatest challenge you faced in achieving your goal?
   B. Did you ever think about giving up? Why didn’t you?
   C. What surprised you the most about this entire process?
   D. If you could start this process all over again, what would you do differently?
   E. What will you take from this experience to use in your future profession?

33. After time has been called, the competitor will be excused and will leave their portfolio with judges. The judges will view the portfolio and score the applicable items on the rubric (title page, health assessment, permission form, and reference page). Event Management will return the portfolio to the competitor as soon as the judges have completed scoring.
34. The judges will have two (2) minutes to evaluate the portfolio and complete the rating sheets.

**Final Scoring**
35. Scores from Round One test will be added to Round Two to determine the final results.

36. In the case of a tie, the highest test score will be used to determine rank.

**HEALTHY LIFESTYLE GOAL & ASSESSMENT**

**PURPOSE AND EXAMPLES**

Every day, health professionals encourage patients to live a healthier lifestyle in an effort to improve their medical condition and quality of life. In order to be successful practitioners, health providers must know where to begin, what to ask of patients, and how to encourage patients to change their behavior.

For most people, behavior change is not easy. Setting a challenging goal and achieving it is often harder than it looks - and requires time, effort and commitment.

Take a moment to review the purpose of this event. The goal is not to tell you how to think, feel or behave, but rather to help improve your understanding of how a healthy lifestyle affects individual health, **AND**, to let you experience the challenge of improving your own personal health.

Ultimately, your personal goal should be something you truly wish to achieve, and should be challenging yet attainable. Do you want to change a little, or a lot? Should you focus on exercise? Your nutrition? Will your goal really lead to improved physical health? How will you empirically and objectively measure your progress and accomplishments? Competitors in this event are **encouraged to see a licensed health provider before beginning this event** to obtain baseline data and discuss his/her goals for improving personal health. HOSA does not encourage any HOSA member getting involved with a fad diet, exercise program, or other program that is not under the direction of a licensed healthcare provider. These practices can be dangerous to a person’s health and are not the intent of this event.

The following list of sample healthy lifestyle goals is provided to get you started. Be sure that the goal you write for yourself is specific and personalized to fit your individual needs.

**Sample SMART goals:**

- ★ I will increase my daily hydration to 64 oz. of water by the end of the spring semester. I will do this by bringing a 20 oz. water bottle with me everywhere and filling it up every morning, noon, and early evening. I will use a calendar to help me track my consumption.

- ★ By June 15th, I will be able to run one mile in under 8:00 minutes. I will do this by running after school with music that will help me pace my run five days a week, beginning with a 20-minute one-mile run, and reducing my time by at least 15 seconds every two weeks. I will track my progress in a fitness log.

- ★ I will reduce the number of stress headaches I get from one daily, to one bimonthly, by taking 10 minutes during each day to meditate. By May 15th, I will find and use soothing music or YouTube meditation videos to sit still in a corner of my room for 10 minutes each morning and focus on letting go of everything that is causing me pain. I will keep a pain diary to help me reach my goal.

A baseline health assessment is a critical starting point for any behavior change. It helps provide a current view of one’s overall health status, including physical, social, and emotional wellness components. A baseline health assessment also helps provide guidance in the creation and follow through of the plan necessary to meet one’s SMART goal. Competitors may research examples online, request one from their primary health provider, or create their own. For more information on baseline health assessments, visit:
