Join us at the 2023 International Leadership Conference.

Join over 12,000 HOSA members, advisors, health industry leaders, judges and VIPs at the 2023 International Leadership Conference at the Kay Bailey Hutchinson Convention Center in Dallas, TX, June 21-24. More information is available at hosa.org/ILC.

HOSA Service Project Partner

HOSA is an Effective Pipeline for the Health Industry

Our Mission
Empower HOSA-Future Health Professionals to become leaders in the global health community through education, collaboration, and experience. The Mission is accomplished through an interactive formula—classroom x chapter x conferences = career.

Learn, Lead, Serve and Innovate
HOSA is a student-led global organization that provides a unique program of leadership development, motivation, and recognition exclusively for middle school, secondary, postsecondary, and collegiate students enrolled in health and biomedical sciences.

The rapidly changing health industry needs dedicated workers who, in addition to their technical skills, are people oriented and capable of being a leader and a member of a clinical or non-clinical health team. HOSA recognizes the importance of providing students with instruction beyond the technical skills required for entry into a health career and plays a unique role in preparing students for higher education as well as entry-level certification (EMT, CNA, EKG, CMA, CPT, etc.).

HOSA provides opportunities for students to develop, practice and refine their technical, leadership, and teamwork skills to achieve a seamless transition from education to a health care career.
HOSA is 100% health!

55 CHARTERED ASSOCIATIONS
(including Puerto Rico, American Samoa, District of Columbia, China, Canada, and South Korea)
