

New for 2023 – 2024

The event has been renamed Healthy Living. Judge questions have been removed. Resources have been updated. Test plan has been updated. These guidelines are written for ILC. States may modify events or have different event processes and deadlines. Be sure to check with your Local/State Advisor (or state website) to determine how the event is implemented for the regional/area or state conference. Editorial updates have been made.

Event Summary

Healthy Living provides HOSA members with the opportunity to gain knowledge and skills required to understand healthy living and the impact on health throughout the life span. This competitive event consists of 2 rounds. Round One is a written, multiple choice test and the top scoring competitors will advance to Round Two for a presentation. In addition, each competitor will focus on one personal healthy living goal and document their efforts in a personalized portfolio. This event aims to inspire members to learn more about health literacy topics and to develop healthy habits for a lifetime.

Dress Code

Competitors shall wear proper business attire or official HOSA uniform, during both rounds. Bonus points will be awarded for [proper dress](#).

Competitors Must Provide:

- ☐ [Photo ID](#)
- ☐ Two #2 lead pencils (not mechanical) with eraser for both rounds
- ☐ Portfolio
- ☐ Index cards or electronic notecards (optional)

Personal Healthy Living SMART Goal

13. The goal for this event should be related to the individual's personal health within *any* dimension of wellness. This is a personal choice and should be something that moves the competitor toward healthier living.
14. In setting a goal, the competitor must first analyze their current health status, and **should consult with a licensed health practitioner as part of the goal-setting process and prior to beginning this event.**

15. The goal should follow the SMART formula (see resources in item #10 for assistance - Specific, Measurable, Attainable, Realistic, Timely)
16. The goal should focus the competitor's efforts to practice healthier living through building or maintaining healthy behaviors, **and/or** avoiding risky behaviors. (The competitor can select any area of healthy living.)
17. If the competitor advances from one level of competition to the next (for example, Chartered Association to International Level) the goal will not change, but the competitor should continue to work on their goal and update the Healthy Living portfolio as desired.
18. Examples of goals can be found on page 5 of these guidelines.
19. The time period for the Healthy Living Goal will be from July 1, 2023 – May 15, 2024.

Healthy Living Portfolio

20. A Healthy Living Portfolio will be developed to document the competitor's specific goal and efforts to practice healthier living through healthier practices (exercise, nutrition, etc...) and/or avoiding risky behaviors.
21. The portfolio is used by the competitor during the presentation as a visual aid and evidence of their achievements.
22. The rules or restrictions for the portfolio, include:
 - A. **Title page** must include the event name, competitor's name & age, HOSA chapter and division, school name, Chartered Association, and specific healthy living goal.
 - B. **A baseline health assessment** must be included that is relevant to the chosen SMART goal. Competitors may research and include an existing health assessment, get one from a licensed health provider, or create their own. This assessment must measure both general health factors and specific important factors relevant to the chosen SMART goal. The baseline health assessment will be completed both before the healthy living goal starts, and again prior to competition.
 - C. **Parental permission form** must be signed (if applicable).
 - D. **Evidence of Journey:** Any documentation to help support the competitor's justification and evidence of healthy living change and progress towards their identified SMART goal.
 - E. **Reference Page(s):** List the literature cited to give guidance to the portfolio. American Psychological Association (APA) is the preferred resource in Health Science.
Points will be awarded for compiling a clean, legible reference page, but the formatting of the reference page is not judged.
23. The only specific rules for the portfolio are listed in rule #25. The number of pages, use of photos, data, etc. is totally up to the competitor and is only included in the portfolio to support the competitor's presentation for judges.

Round Two: Presentation for Judges

24. Round Two will consist of a four (4) minute presentation with judges
25. Use of index card notes during the presentation are permitted. Electronic notecards (on a tablet, smart phone, laptop, etc....) are permitted, but may not be shown to judges. Only the competitor's portfolio may be shown to the judges during the presentation. Please refer to [GRR #31](#).
26. The Presentation will contain the following key items:
 - A. Explanation of the **Personal Healthy Living SMART Goal**.
 - B. Evidence of the Journey: The competitor will explain their personal healthy living goal and use the

portfolio as evidence to help show/demonstrate/discuss their progress towards achieving the goal.

- C. The more substantive the explanations, supported by documentation in the portfolio, the easier it will be for the judges to evaluate progress towards the goal. Documentation may include data from reputable sources, photos, letters from professionals, etc. Documentation of medical care and progress (lab work, results of medical tests, etc.) may be included in the portfolio and shared during the presentation at the discretion of the competitor and their parents and/or legal guardian, if the competitor is under the age of 18. Competitors may block out personal information such as SSN, insurance number, address, etc. at their discretion.

- 27. A timecard will be shown with one-minute remaining during the presentation.
- 28. After time has been called, the competitor will be excused and will leave their portfolio with judges. The judges will view the portfolio and score the applicable items on the rubric (title page, health assessment, permission form, and reference page). Event Management will return the portfolio to the competitor as soon as the judges have completed scoring.

Final Scoring

- 29. Scores from Round One test will be added to Round Two to determine the final results.
- 30. In the case of a tie, the highest test score will be used to determine rank.

HEALTHY LIVING GOAL & ASSESSMENT

PURPOSE AND EXAMPLES

Every day, health professionals encourage patients to live a healthier life in an effort to improve their medical condition and quality of life. In order to be successful practitioners, health providers must know where to begin, what to ask of patients, and how to encourage patients to change their behavior.

For most people, behavior change is not easy. Setting a challenging goal and achieving it is often harder than it looks - and requires time, effort and commitment.

Take a moment to review the purpose of this event. The goal is not to tell you how to think, feel or behave, but rather to help improve your understanding of how healthy living affects individual health, **AND**, to let you experience the challenge of improving your own personal health.

Ultimately, your personal goal should be something you truly wish to achieve and should be challenging yet attainable. Do you want to change a little, or a lot? Should you focus on exercise? Your nutrition? Will your goal really lead to improved physical health? How will you empirically and objectively measure your progress and accomplishments? Competitors in this event are **encouraged to see a licensed health provider before beginning this event** to obtain baseline data and discuss goals for improving their personal health. HOSA does not encourage any HOSA member getting involved with a fad diet, exercise program, or other program that is not under the direction of a licensed healthcare provider. These practices can be dangerous to a person's health and are not the intent of this event.

The following list of sample healthy living goals is provided to get you started. Be sure that the goal you write for yourself is specific and personalized to fit your individual needs.

Sample SMART goals:

- ★ I will increase my daily hydration to 64 oz. of water by the end of the spring semester. I will do this by bringing a 20 oz. water bottle with me everywhere and filling it up every morning, noon, and early evening. I will use a calendar to help me track my consumption.
- ★ By June 15th, I will be able to run one mile in under 8:00 minutes. I will do this by running after school with music that will help me pace my run five days a week, beginning with a 20-minute one-mile run, and reducing my time by at least 15 seconds every two weeks. I will track my progress in a fitness log.
- ★ I will reduce the number of stress headaches I get from one daily, to one bimonthly, by taking 10 minutes during each day to meditate. By May 15th, I will find and use soothing music or YouTube meditation videos to sit still in a corner of my room for 10 minutes each morning and focus on letting go of everything that is causing me pain. I will keep a pain diary to help me reach my goal.

A baseline health assessment is a critical starting point for any behavior change. It helps provide a current view of one's overall health status, including physical, social, and emotional wellness components. A baseline health assessment also helps provide guidance in the creation and follow through of the plan necessary to meet one's SMART goal. Competitors may research examples online, request one from their primary health provider, or create their own. For more information on baseline health assessments, visit:

HEALTHY LIVING – Judge’s Rating Sheet Round Two Presentation

Competitor # _____ Judge's Signature _____
 Division: MS _____ SS _____ PS/C _____

A. Presentation- SMART Goal	Excellent 10 points	Good 8 points	Average 6 points	Fair 4 points	Poor 0 points	JUDGE SCORE
1. Goal follows SMART formula	SMART goal is clearly defined with all five components: Specific, Measurable, Attainable, Realistic, and Timely	SMART goal has four of the five components present.	SMART goal has three of the five components present.	SMART goal has two of the five components present.	Portfolio not submitted OR SMART goal was not developed or only had one of the five components present.	
2. Goal is consistent with practicing healthy living beyond HOSA competition	The goal fully supports the inclusion of a healthy habit or the removal of an unhealthy one. The goal includes a reputable method, not a “fad diet”. The plan to maintain the goal past the HOSA competition is evident.	The goal includes the development of a healthy habit or the removal of an unhealthy one. A plan to maintain is not clearly defined.	The goal demonstrates practicing a healthy habit but may be unrealistic to maintain on a long-term basis.	There is minimal evidence or ability to demonstrate that the goal could be incorporated as a long-term healthy habit.	Portfolio not submitted OR there is no demonstration of working towards healthy living goal.	
3. The goal is challenging but attainable.	The competitor set a challenging goal and is working/has worked hard to achieve that goal.	N/A	The competitor set a goal and is working/has worked to achieve that goal, but the goal is not particularly challenging.	N/A	Portfolio not submitted OR the competitor did not describe the goal they set or how they planned/are planning to achieve that goal.	
B. Presentation Content	Excellent 10 points	Good 8 points	Average 6 points	Fair 4 points	Poor 0 points	JUDGE SCORE
1. Competitor worked toward or maintained goal for a significant part of this last year.	Documented and verbalized evidence that the goal was maintained for 9 -12 months of this past year.	Documented and verbal evidence that the goal was maintained for 6-9 months of this past year.	Documented and verbal evidence that the goal was maintained for 3-6 months of this previous year.	Documented and verbal evidence that the goal was maintained for 1-3 months of this previous year.	Portfolio not submitted OR no documentation /explanation was provided.	
2. Evidence provides healthy proof of progress toward the goal.	The competitor provides extensive written documentation and an excellent explanation that provides proof of progress towards meeting their healthy living goal.	The competitor provides written documentation a good explanation of their journey towards reaching their healthy living goal.	The competitor provides a moderate amount of written documentation and an average explanation about progress made towards their healthy living goal.	The competitor provides minimal documentation or explanation about progress made towards their healthy living goal.	Portfolio not submitted OR the competitor does not provide written documentation or explanation of progress made towards the goal.	
3. Evidence provides clear, measurable baseline data at the start of this process.	Documentation and verbal explanation is detailed, clearly defined and measurable from the beginning through the completion of this process.	Documentation and verbal explanation is somewhat detailed and measurable throughout the project.	Data collected on this project is incomplete and inconsistent throughout this project.	Limited evidence of baseline data collected from this project is provided.	Portfolio not submitted OR no written evidence or verbal explanation of baseline data is provided.	

B. Presentation Content	Excellent 20 points	Good 15 points	Average 10 points	Fair 5 points	Poor 0 points	JUDGE SCORE
4. Content: Verbal explanation clearly describes the journey towards achieving the goal.	The competitor speaks with confidence as they describe their journey toward achieving the healthy living goal. It is evident that they are motivated by the results of reaching their goal.	The competitor describes their journey towards achieving their healthy living goal. They speak with less conviction about reaching their goal.	The competitor slightly describes the journey towards achieving their healthy living goal. They are not very believable.	The competitor speaks about healthy living but is unable to connect to their personal goals.	The competitor is not able to describe the journey toward achieving healthy living.	
5. Incorporation of the Portfolio during Presentation	The use of the portfolio greatly enhanced the explanation of the SMART goal and evidence towards meeting the goal. The incorporation was very smooth and thoughtful.	The use of the portfolio during the presentation helped explain the SMART goal and evidence. It complemented the presentation effectively.	The competitor did an adequate job of using the portfolio during the presentation to explain the SMART goal and evidence.	The use of the portfolio only somewhat enhanced the presentation and seemed to miss key points of emphasis.	The use of the portfolio seemed to be an "afterthought" to the presentation. There was a definite disconnect.	

C. Presentation Delivery	Excellent 5 points	Good 4 points	Average 3 points	Fair 2 points	Poor 0 points	JUDGE SCORE
1. Voice Pitch, tempo, volume, quality	The competitor's voice was loud enough to hear. The competitor varied rate & volume to enhance the speech. Appropriate pausing was employed.	The competitor spoke loudly and clearly enough to be understood. The competitor varied rate OR volume to enhance the speech. Pauses were attempted.	The competitor could be heard most of the time. The competitor attempted to use some variety in vocal quality, but not always successfully.	Judges had difficulty hearing /understanding much of the speech due to little variety in rate or volume.	The competitor's voice is too low or monotone. Judges struggled to stay focused during the majority of presentation.	
2. Stage Presence Poise, posture, eye contact, and enthusiasm	Movements & gestures were purposeful and enhanced the delivery of the speech and did not distract.
