

## **DYNAMIC DECISIONS**

### **Sample Secret Topic**

#### **Limited COVID – 19 Vaccine**

Your local public health department has noted that there is a significant number of teens in your area that have not completed the COVID-19 vaccine series.

According to the CDC, in the 12 -17 year age range the U.S. national average for COVID-19 vaccination completion is 31.9%.

Your region is under 23%. Your team will present to the local health department administration (judges) your plan to increase the teen vaccine rate in your region.

**Your team has twenty (20) minutes to create a plan to promote an increase in the number of teens in your area who have completed the COVID – 19 vaccine series. Your presentation should be no longer than five (5) minutes.**
