HOSA - FUTURE HEALTH PROFESSIONALS 2023-2024

**AFFILIATION
PACKET**

2023-24

GREETINGS FROM HOSA

"Dare to Create!" The theme "Dare to Create" holds profound significance within the context of HOSA-Future Health Professionals, an organization dedicated to preparing and empowering the next generation of healthcare leaders. This theme encapsulates the essence of innovation, determination, and forward-thinking that is crucial in the ever-evolving field of healthcare. In a world where medical breakthroughs and advancements are integral to improving patient care and overall well-being, daring to create becomes synonymous with pushing the boundaries of conventional knowledge and practices. HOSA members are encouraged to embrace this theme by not only excelling in their academic pursuits but also by daring to think differently, challenging norms and forging new paths that can revolutionize the healthcare landscape.

At its core, "Dare to Create" embodies the spirit of entrepreneurship and creativity that is essential for addressing the complex challenges faced by the healthcare industry. HOSA-Future Health Professionals emphasizes the importance of nurturing a generation of healthcare leaders who cannot only adapt to change but also drive it. By encouraging members to dare to create, the

organization instills a mindset of resilience and ingenuity. Whether it's developing novel medical technologies, pioneering treatment approaches, or devising innovative healthcare delivery systems, the theme fosters a sense of agency and ownership in shaping the future of healthcare.

Furthermore, "Dare to Create" resonates deeply with HOSA's commitment to fostering personal and professional growth among its members. The theme encourages students to break free from the confines of convention and actively seek opportunities to innovate and contribute meaningfully to the healthcare sector. By challenging themselves to think outside the box and take calculated risks, HOSA members can develop a sense of self-assuredness and the skills necessary to become effective leaders and change agents. Ultimately, the theme serves as a call to action, inspiring young healthcare professionals to embrace their role as creators, problem solvers, and visionaries, all of which are essential qualities for shaping the next generation of healthcare providers.

With outstanding partners supporting HOSA's goals, high profile health industry leaders serving as role-models to HOSA-Future Health Professionals and extremely committed HOSA Advisors, the 46th Annual International Leadership Conference was HOSA's largest ever in Dallas, Texas. With over 12,000 delegates in attendance, the ILC was successful.

The HOSA, Inc. Board of Directors, Executive Council, HOSA partners and sponsors, HOSA-100 National Advisory Council, and Headquarters Staff are fully committed to support the 2023-2024 membership year. Through local chapter membership and organizational sponsorship, we are committed to empowering HOSA-Future Health Professionals to become leaders in the global health community!

Take full advantage of HOSA-Future Health Professionals! Contact your State Advisor if you have questions on how best to lead or advise a member-led HOSA chapter. Since 1976, more than 2.7 million members have benefited from their extraordinary classroom, chapter, and conference preparation as future health professionals. Let HOSA know how we can launch your preparation as *a future health professional!*

Anna Feng
International HOSA President

Marcus Henderson
HOSA, Inc. Board Chair

Sarah Walters, MMHC, MSN, APRN
HOSA Executive Director

MEET YOUR 2023-2024 INTERNATIONAL EXECUTIVE COUNCIL

Your International HOSA President Anna Feng and the Executive Council **Dare to Create** as future health professionals. Pictured above: Chetana Movva, Postsecondary/Collegiate Vice President; Aashna Ravi, Postsecondary/Collegiate Board Representative; Deepa Submarayna, Secondary Board Representative; Nick Ballard, President-Elect; Anna Feng, International HOSA President; Jocelyn Auxier, Western Region Vice President; Ahdaf Zaman, Eastern Region Vice President; Tristen Rothrum, Central Region Vice President.

2023-2024 HOSA HIGHLIGHTS

Competitive Events

The 2023-2024 Competitive Events Guidelines are posted at the following link: hosa.org/guidelines.

Be sure to stay up-to-date with all the latest topics, changes, and resources by reviewing the CE Update at hosa.org/guidelines.

Get Social

Be sure to follow @hosafhp on Facebook and Instagram! Tag #HOSA and share your #HOSAHappenings with us!

HOSA Service Project

HOSA's Service Project is **Be The Match**®. HOSA will work with Be the Match in raising funds and awareness for the National Marrow Donor Program (NMDP). HOSA is proud to be working with

Be The Match to help save lives through transplants for thousands of people diagnosed with life-threatening blood cancers like leukemia and lymphoma. Be The Match® is a global leader in bone marrow transplantation and conducts research to improve transplant outcomes that provide support and resources for patients and partners with a global network.

For more information on recognition opportunities, please visit hosa.org/serviceproject.

Certificates

Certificates for HOSA Membership, HOSA-100 Club, HOSA 100% Affiliation, and HOSA Gold Chapters are available online. Download your certificate today at hosa.org/certificates.

2023-2024 Theme: Dare to Create

As HOSA enters a new year of leadership, opportunities, and potential, we want to encourage members to Dare to Create as they begin to play a critical role in improving quality health care for all.

This next year of leaders will change the game with innovations in education and in the health industry. HOSA-Future Health Professionals!

HOSA AFFILIATION INSTRUCTIONS

STEP 1

In order to use HOSA's Affiliation System, you must have your chapter's charter number and password. If you are a new chapter or you do not know your chapter's charter number or password, contact your state advisor or HOSA Headquarters.

STEP 2

Go to the HOSA website at www.hosa.org and click on **Login** at the top right of the home page. Login as a Local Advisor using your chapter's charter number and password.

STEP 3

Once logged in as the chapter, click on the plus "+" icon to begin the affiliation process. You will notice on the first page there are instructions. Review the instructions and continue to fill out the application. Ensure all chapter information is correct including the billing and demographic information. It is important to enter each HOSA member's email and cell phone number for competition purposes. For returning HOSA members, you can re-affiliate these members without re-entering their information. For all new members, please enter the member's name, demographic, and contact information.

Discover More.

DISCOVER FAMILY MEDICINE.

Thinking about a future in medicine?

Family physicians provide comprehensive care to patients of all ages in nearly every health care setting across the globe, and are trained in medical areas, such as:

- Emergency medicine
- Geriatrics
- Labor and delivery
- Maternity and obstetrics
- Pediatrics
- Prenatal care
- Surgery and procedures
- The list goes on...

The demand for family physicians is growing, and family medicine remains one of the most recruited specialties. Now's your chance to learn more about family medicine.

Go Dental! Discover Dentistry Tips

Stay motivated and inspired on your path to a dental career by remembering the phrase **Go Dental!** Each letter represents an action to help you prepare for your future. Start now and you will be set up for success!

G **GIVING BACK**—Volunteer in your community or find a way to make a positive impact on someone in your life.

O **OBSERVE**—Confirm dentistry is the path for you by observing the work first hand. Reach out to your neighborhood dentist to set up a shadowing experience.

Stay up-to-date on the dental professions.

D **DISCOVER**—There are more than 75 dental schools in the United States and Canada. Use the **ADEA Official Guide to Dental Schools** to research what makes each school unique.

E **ENGAGE**—Start talking to friends and family about dentistry. Join or start a pre dental club to connect with others who are interested in the profession.

N **NAVIGATE**—Visit adea.org/godental to sign up for the ADEA GoDental newsletter and start your dental career journey.

T **TAILOR**—Adjust your schedule to start taking STEM courses so you are on track to complete your prerequisite requirements for dental school.

A **APPLY**—Many dental schools require applicants to have hands-on experience. A part-time job in a dental office or summer enrichment program are good ways to discover if dentistry is the right path for you.

L **LISTEN**—Listen to others who have taken this journey. Attend free ADEA GoDental events to hear about others' experiences and connect with dental students, admissions staff and practitioners.

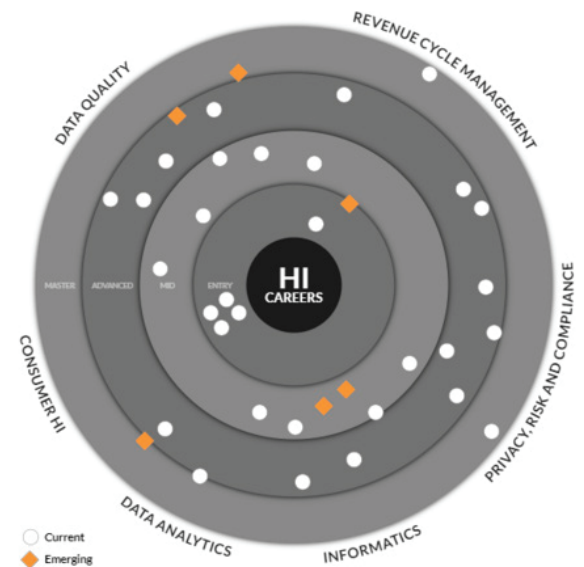

AHIMA is proud to support future health professionals!

The American Health Information Management Association® (AHIMA) is the leading voice and authority in health information, working at the intersection of healthcare, technology, and business.

AHIMA-certified professionals ensure that sensitive health stories remain accurate, accessible, protected and complete and are a critical component of the electronic health record (EHR) workforce.

The US Bureau of Labor Statistics cites medical records and health information (HI) technicians as one of the fastest growing occupations in the US, with an anticipated growth of 11 percent between 2018-2028.

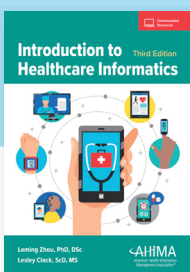

- In 2019, the median salary was \$100,980 per year for healthcare administrators and the 2028 outlook anticipates an 18 percent increase in jobs for these individuals possessing a baccalaureate or master's in health information.
- Industries with an increased demand for HI professionals include healthcare organizations, academic institutions, consulting agencies, government agencies, and healthcare software companies.

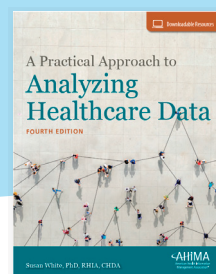

Scan the code to visit our interactive Career Map and explore a variety of HI career pathways.

Master the fundamentals to springboard your HI career!

HOSA CHAPTERS SAVE LIVES WITH BE THE MATCH®

Leigha (left), blood stem cell donor to Noah (center).

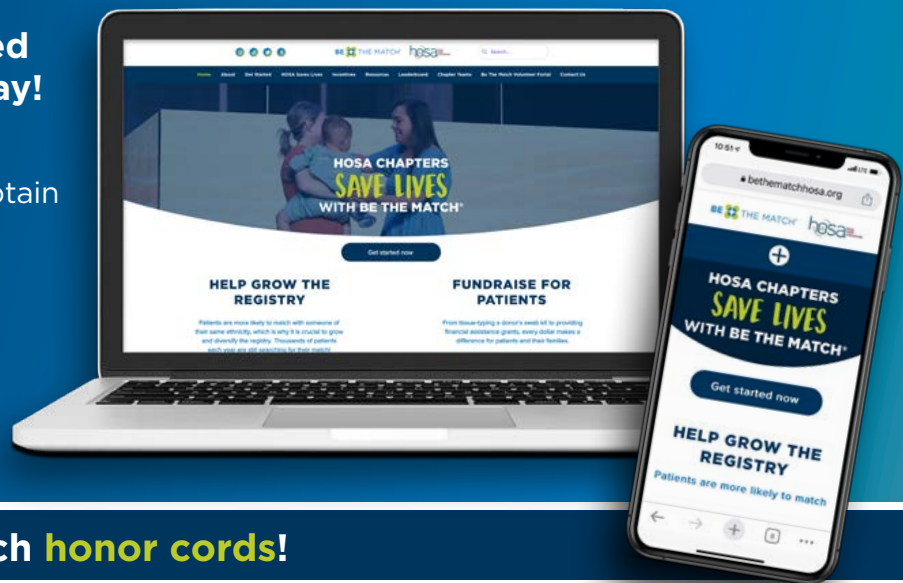

Thanks to the powerful work that HOSA members do every day to support Be The Match, Noah and his family were able to meet his donor for the very first time at the most recent HOSA International Leadership Conference in Dallas.

“Noah is proof that you could save lives just from registering and donating.”

—Jessica, Noah’s mom

Make sure your Chapter is registered for the 2023-2024 school year today!
BeTheMatch.org/HOSACHapters

1. One Advisor or Be The Match Team Captain must set up the page each year
2. Chapter members should **JOIN** your Chapter’s Team Page
3. If your Chapter is not participating this year, you can still register with an Individual page

NEW!

Earn your Be The Match honor cords!

1. Create an account in the **Be The Match Volunteer Portal**.
2. Enter your expected graduation date.
3. Record at least 20 cumulative volunteer hours for Be The Match.
4. Confirm your mailing address.

Explore the Power and Promise of Biotechnology

Have you wondered how cancer treatments are discovered? How about COVID-19 diagnostic tests, or the latest gene and cell therapies? These are all the products of biotechnology, and they are transforming the future of medicine.

Biotechnology is the science behind medicine. It applies the molecules and processes found in nature to the improvement of human lives. It encompasses the molecular tools and techniques used in medical research and in the development of diagnostics, therapeutics, and more.

If you are interested in working to develop cures for diseases like cancer or Alzheimer's, or in using biological processes to discover better diagnostics or vaccines, then biotechnology may be the path for you!

The HOSA Competitive Event in Biotechnology

Bio-Rad Laboratories is a global leader in products for life science research, clinical diagnostics, and life science education. We are proud to sponsor the **HOSA Competitive Event in Biotechnology**, which encourages HOSA members to explore career options and understand how biotechnology will impact the future of medicine.

Visit [bio-rad.com/explorer](https://www.bio-rad.com/explorer) for more information about how Bio-Rad supports life science education.

Career of a lifetime

HCA Healthcare is proud to support HOSA students through its annual Philip R. Patton HCA Healthcare Scholarship. In 2023, we are excited to help 15 new students kickstart their healthcare careers. Interested in learning more about the many ways HCA Healthcare supports students and its colleagues? Scan the QR code below or visit [Careers.HCAHealthcare.com/HOSA](https://careers.hcahealthcare.com/HOSA).

Let us support your chosen profession

Whether you're interested in becoming a physician, nurse, member of the clinical staff, an information technology professional, executive, or administrator, there is a place for you at HCA Healthcare. Join us to build skills, get hands-on experience and access the training and education needed for a career of a lifetime.

Let us help you enhance your career

The HCA Healthcare-Galen Grant significantly reduces tuition costs for its online RN to BSN program and two different online masters degrees in nursing, nursing education and healthcare leadership.

Let us make it easy to further your education

Colleagues can receive up to \$5,250 in tax-free reimbursement each year for eligible higher education expenses.

Build Healthcare Classroom-to-Career Pathways for Your Students

Transfr is building **career pathways** for **millions of future healthcare professionals** through hands-on training using immersive technologies. Our simulations provide learners with the **healthcare skills they need** to secure a job that offers upward mobility and a better quality of life.

From hands-on training simulations to healthcare jobs

A student's journey

Experience healthcare careers

A student takes a virtual tour of healthcare occupations. Give your students hands-on experience with healthcare careers to help them choose the path that's right for them.

Earn and learn

Students then move on to college to become experts in their chosen healthcare role and get on-the-job learning experience.

"I think Transfr has probably some of the best medical VR training sims — and I taught medics for eight years! That quality is going to make a huge difference in the gap between classroom learning and practical."

— Keith Fletcher
Executive Director

Strengthening Community Colleges Grant
Technical College System Of Georgia

1

Master training simulations

Once they choose a healthcare career, students can get hands-on simulation training in a high school CTE course.

2

3

Join the workforce

Skilled workers enter the healthcare workforce with well-paying salaries, the potential for tuition reimbursement, and more.

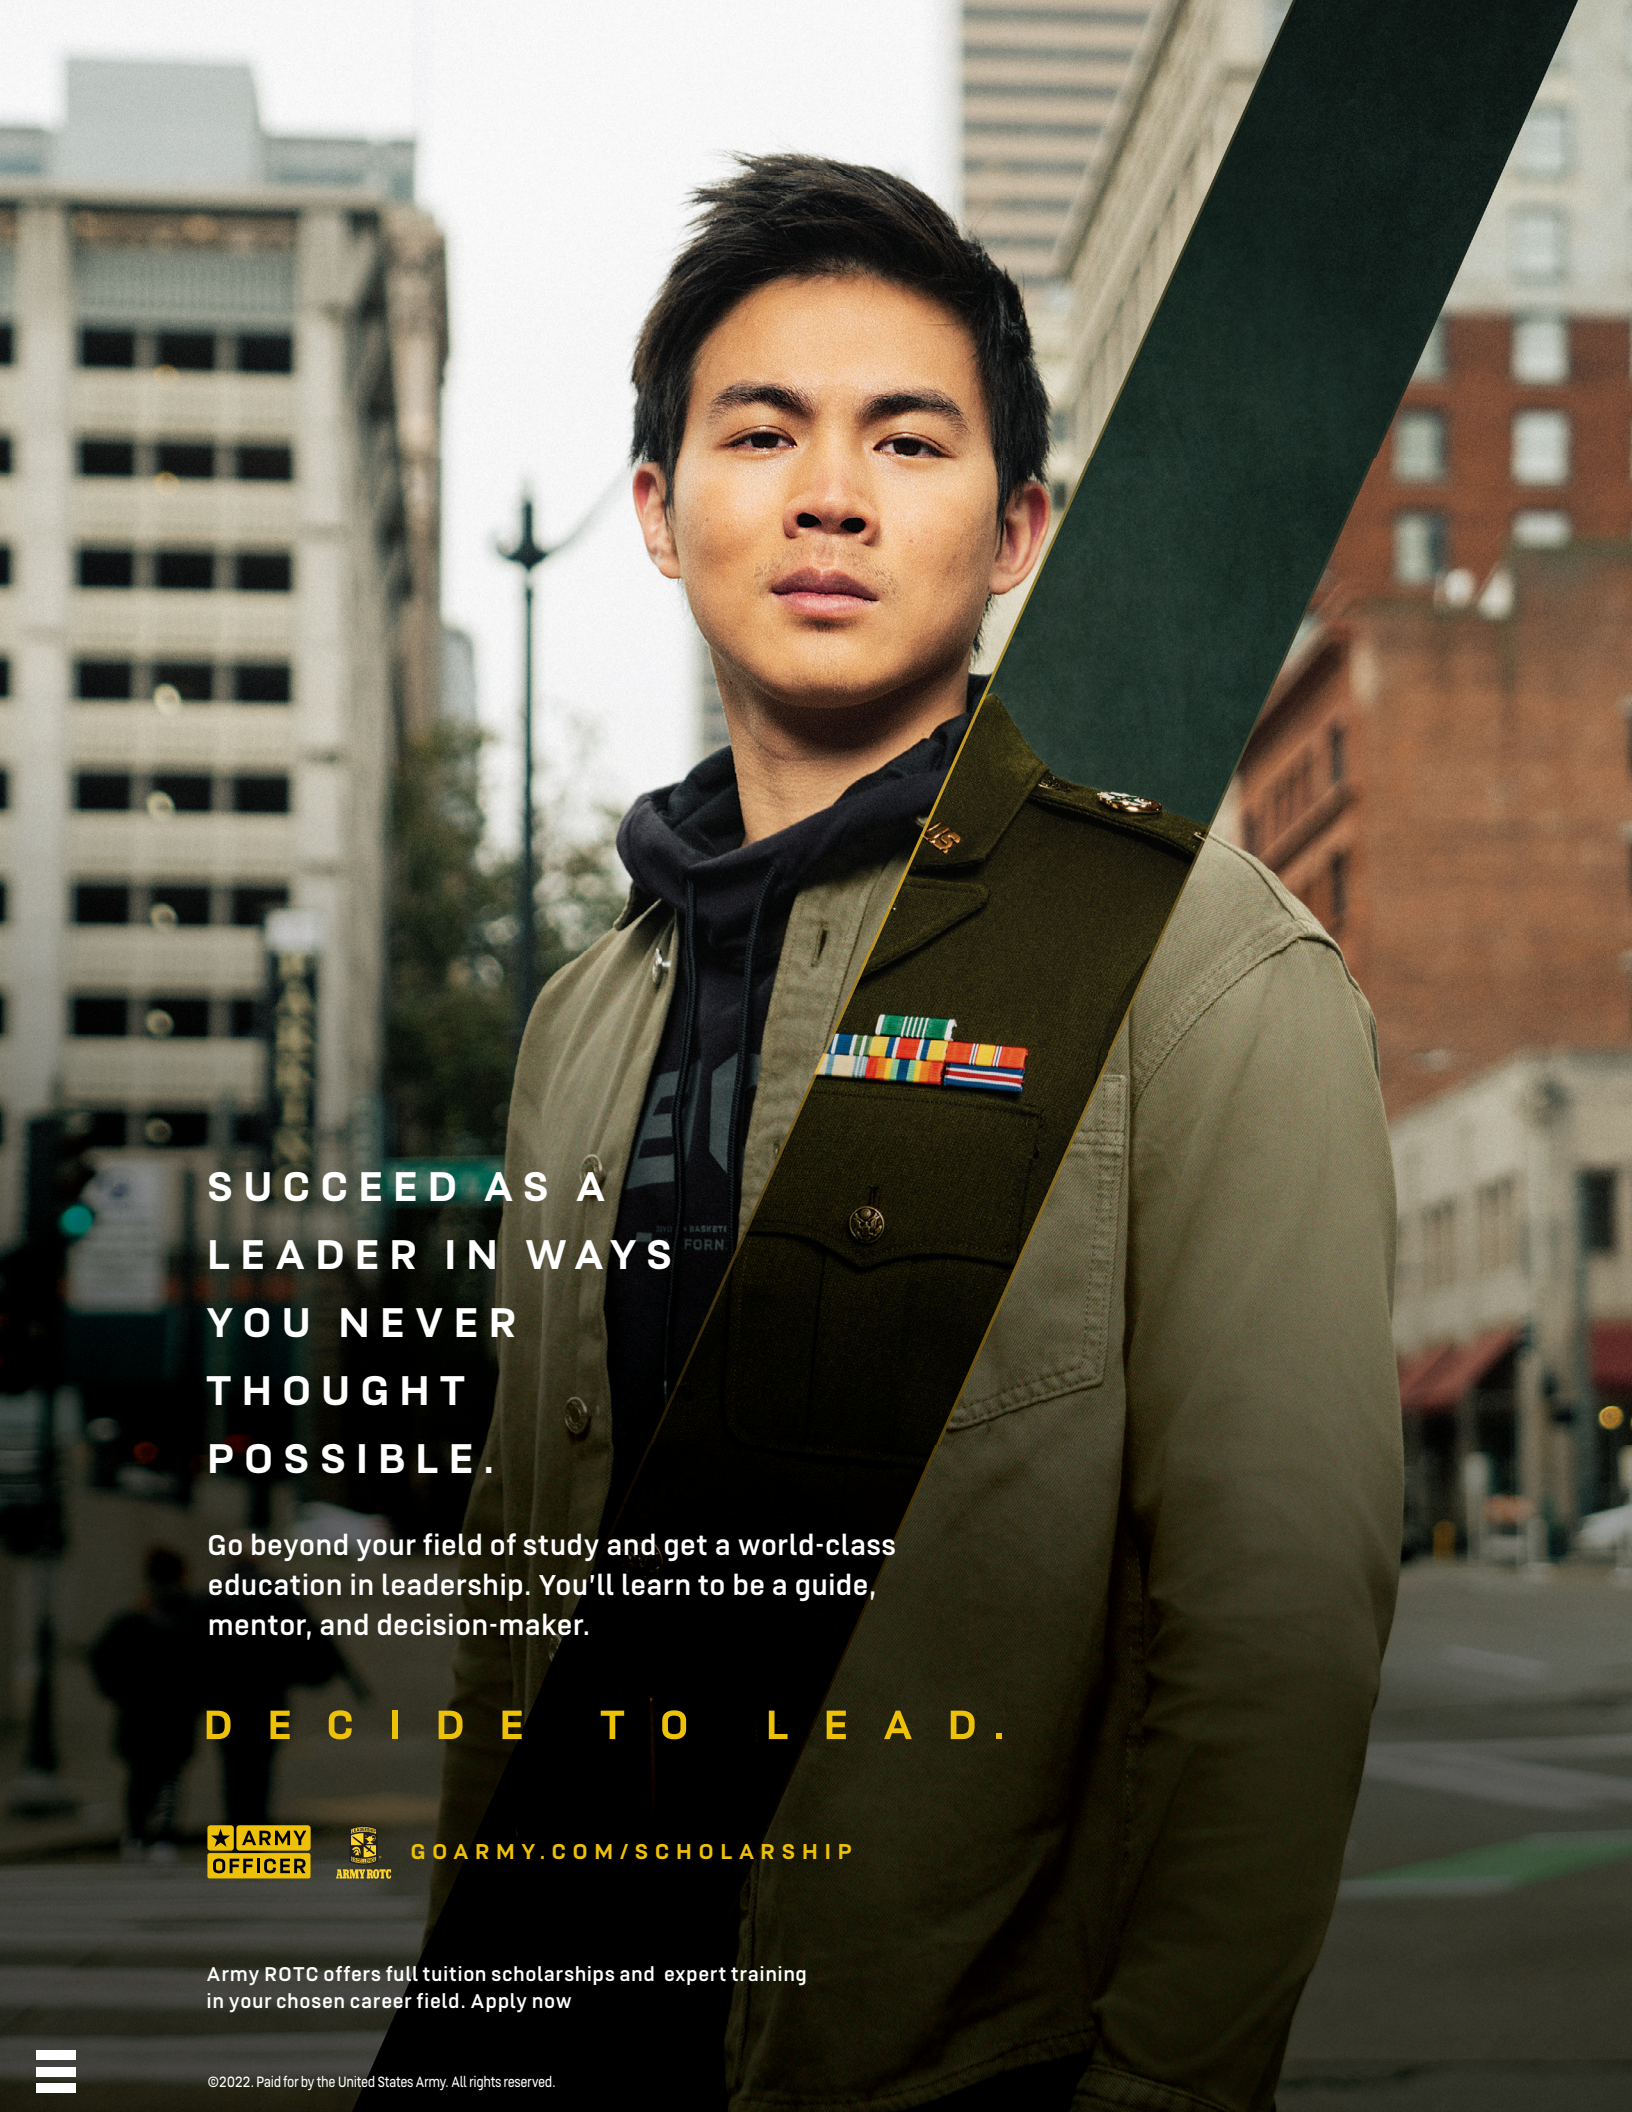

4

Empower Students with VR Health Sciences Simulations from Transfr

- **VR career exploration** gives students a firsthand look at healthcare careers
- Use **VR healthcare skills training** to give students a safe way to **build competence and confidence** in high-demand fields

SUCCEED AS A
LEADER IN WAYS
YOU NEVER
THOUGHT
POSSIBLE.

Go beyond your field of study and get a world-class education in leadership. You'll learn to be a guide, mentor, and decision-maker.
