

Canva Template Instructions

1. Click the template link to open it in Canva.
2. Go to **File (top-left)** and select **Make a Copy** to create your editable version.

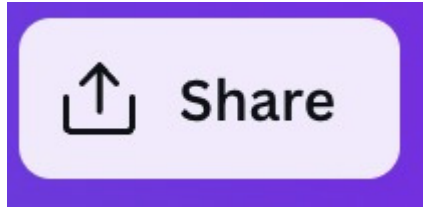

3. Once you're in your new design, click the **lock** icon at the top of the page **unlock** the template for full editing.

4. **Rename your design** with a clear, easy-to-find title so you can quickly locate it once it's saved where it says "Copy of HOSA 50 Years Template ..."
5. **Replace sample text with your own messaging**—click any text box and type.
6. **Update images** by dragging-and-dropping your photos into the design (or use Uploads → Upload Files).
7. Adjust colors, design and fonts if desired.

8. When ready, click Share (top-right)

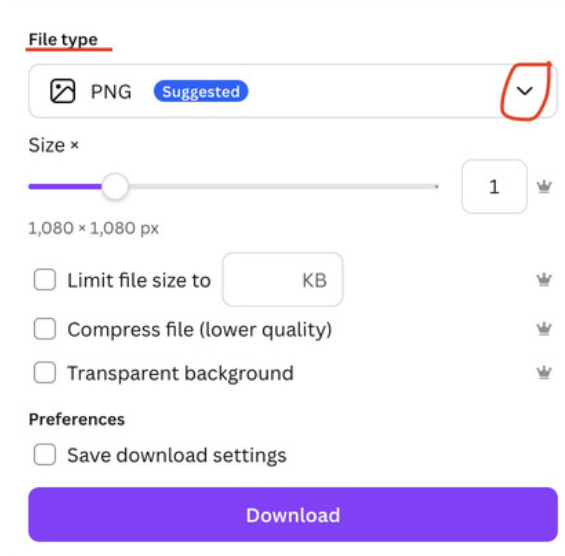

9. Select **Download**

Download

10. Under **File Type** choose PNG or JPG for social media, and then click Download.

11. Post the finished graphic to your chapter or personal social channels and tag @HOSAfhp so we can see and potentially share your post!
