### New for 2025 – 2026

The recognition process and event summary have been clarified. Editorial updates have been made.

### Event Summary

America's Blood Centers and HOSA-Future Health Professionals Blood Drive recognition event allows HOSA chapters to connect with local blood centers and learn how to conduct successful blood drives in their communities. The nation's blood supply is facing long-term challenges, including declines in the overall number of individuals donating blood each year and the number of donors under the age of 50, along with a reduction in school and business-based blood drives. The backbone of our nation's blood supply is still gradually recovering from the impacts of the COVID-19 pandemic. School-based blood drives are critical in helping address these challenges, securing many of the roughly 7 million annual blood donors. In fact, approximately 17% of blood drives last year took place in high schools or colleges.

### Sponsorship

HOSA-Future Health Professionals appreciates the sponsorship of this event by [America's Blood Centers](#). America's Blood Centers has developed [a special landing page](#) for HOSA competitors and advisors. Take a look at the impact HOSA has made in the [2024 ABC highlight video!](#)

### General Rules

1. Competitors must be familiar with and adhere to the [General Rules and Regulations](#).
2. **Overlap with other Recognition Events:** All Blood Drives hosted by ABC partner blood centers will be recognized through the America's Blood Center and HOSA Blood Drive recognition event. Blood Drives with the American Red Cross (ARC) will count for the American Red Cross Chapter Recognition event. Any other blood drive conducted outside of ARC or ABC should be counted as part of the Barbara James Service Award. The following states do NOT have America's Blood Center member centers: Utah, Virginia, West Virginia, New Hampshire, Vermont, and Massachusetts.
3. All blood donations made with an ABC member center, including those by HOSA-Future Health Professionals and any other individuals who donate as part of a HOSA-sponsored blood drive in your community, will count towards your annual goal. Chapters are encouraged to think creatively about hosting blood drives at their schools or communities throughout the year.
